**WE EXTEND TO YOU A WARM WELCOME
TO ATTEND THE BLOOMSBURG FAIR**

The Bloomsburg Fair Association Directors would like to extend an open invitation for you to see one of the greatest fairs in America. For 165 years people have been attending the Fair, and each year it continues to get bigger and better.

As you walk around our grounds, the sights, sounds and aromas will astound you. You will be able to catch a quick glance of what yesterday was like, what today is unfolding, and what tomorrow will bring.

In our display buildings, you will see the beauty of our flowers and fauna. You will gaze upon the talents of youthful Americans, see what our older citizens do, and see lifestyles of rural America. You will see 4-H projects, grange exhibits, and industrial wonders pass before your eyes. In short, the American dream will unfold before your very eyes.

With your aid and assistance, we will be happy to show to the world all that is good in this great land of ours. We hope you will closely examine this catalog and help us do this job, because this is your Fair. Bring your canned goods, baked goods, arts and crafts, your pumpkins, berries, flowers and yourself, and show to everyone that the American dream has not faded or tarnished, but still basks in the autumn sun in the colorful hills of Pennsylvania.

There is an entry form enclosed for your benefit, and if you require more, just call 570-784-4949, or mail you request to:

**Deborah N Coleman, Secretary
Fair Office, P.O. Box 479
Bloomsburg, Pa 17815**

Please send your entry forms to us as soon as possible so we can process them and send your tags to you. Please have the tags attached to your entries when they are delivered to their respective buildings for display purposes. This procedure will save you time and inconvenience when you arrive on the grounds with your exhibits.

We hope you will come and share with us an unforgettable 2021 Bloomsburg Fair.

Sincerely,
Deborah N Coleman

ADVICE TO LIVESTOCK EXHIBITORS

IMPORTANT TO ALL EXHIBITORS – EVERYONE MUST READ!

IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS)

NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations, which they impose, on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. **All exhibitors are required to provide social security number on each entry form. 4-H children are exempt).**
2. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
3. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
4. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
5. Animals shall be presented to show events where they will enter the food chain free of drugs. Market animals that will enter the food chain shall only use products that are solely in accordance with the USDA and FDA approved labels, and administered according to label instructions of the product being used for the approved species being shown. Product withdrawals shall be in accordance to all labels, with sale day being the last day of the withdrawal period. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. Animals not entered in an event, which culminates with the animal entering the food chain, shall not be administered drugs other than in accordance with federal, state and provincial statutes, regulations and rules. If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medications, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of

urine, saliva, blood, or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden of the owner, exhibitor, fitter, trainer or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.

6. Any drugs or implants injected or used shall be in accordance with USDA or FDA approved labels. Any surgical procedures, non-USDA or non-FDA approved substances or illegal injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
7. The use of show ring and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
8. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them. **Any 4H Exhibitor being coached during the show will be disqualified.**
9. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
10. This application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
11. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have any disciplinary action taken by the fair or livestock show for violation of this code of show ring ethics. The act of entering an animal is the giving of consent that any proceedings or disciplinary actions taken by the fair may be published with the name of the violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notice to members.
12. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

13. The exhibitor agrees: The Bloomsburg Fair will not be responsible for any loss, damage, or injury sustained by or done to the person or property of the undersigned even if such loss, damage, or injury is the result of the negligence or gross negligence of the above-named party. The exhibitor shall be responsible for and agrees to indemnify and hold harmless the above-named party for any loss, damage, costs, expense, or injury caused by the exhibitor, their employees or agents, or animal(s) to the person or property of another. The Bloomsburg Fair or its designee, may obtain specimens of urine, saliva, blood, or other substances from an exhibitor's animal(s) for testing for drugs, antibiotics, foreign substances, or compliance with exhibition terms, conditions, and rules. The exhibitor shall forfeit and return all awards, prize monies, and sale proceeds if such testing reveals any such substances or violation of show rules. The exhibitor authorizes Bloomsburg Fair or its designee, to use, reproduce, and/or publish photographs and/or video including exhibitor's image.

ADDITIONAL INSTRUCTIONS

1. Enter animals early, either in person, by mail, or by online entry and take your animals to the grounds at the time designated in the rules. Do not ask to remove them until the close of the Fair.
2. Upon your arrival at the grounds with stock or articles for exhibition, inquire for the Superintendent of the Department in which you are an exhibitor. They will conduct you to the stalls or space your stock and exhibits are to occupy. If your articles are for exhibition in the Main Building, the superintendent will assign your space and give you all desired information.
3. If you desire any information in regard to the business of the exhibition, pay no attention to rumors or hearsay. Go at once to the Superintendent of the Department in which you are an exhibitor. They will take pleasure in giving you all desired information.
4. The Department Superintendent will be found at all times at or near their respective Departments, and it is their special business to give you all needed assistance to make your stay pleasant.
5. Don't abuse the officers if you don't get enough premiums. If the officers of the Fair do what they can to get honorable and competent Judges, they have done their duty.
6. By following these suggestions you will save yourself much disappointment and trouble, and you will go home with better feeling and conscience of having made friends and having contributed to the enjoyment of others.
7. Animals presented for exhibition will be subject to inspection by show officials and will be rejected if evidence of infectious, contagious or parasitic disease is apparent or if health certification or identification documentation is not acceptable. All show animals should be held in isolation for at least 30 days after returning to the herd of origin. An "Animal Owner or Caretaker's Verification of Veterinarian-Client Relationship" form must be presented upon arrival at all shows and fairs in Pennsylvania. This includes out-of-state residents.
8. All livestock offered for Premiums must have been the property of the owners thirty (30) days or longer, except for 4-H Dairy leased animals, which must be enrolled before June 1 of the project year.
9. 4-H leased animals must enter in open classes under the lessee's name.
10. Exhibitors shall forfeit premium money for early exit without a release from the Superintendent.
11. All animal and poultry exhibitors must use either Gate 6, 6A, or 7 when taking their entries to their respective building or area. A condensed map of the Fairgrounds is included in the back of this book.

12. **All campers** for livestock lot must be pre-registered **before August 25** with camper size stated on entry form. Call Jeff Giger 570-784-8197. **SLIDE OUT** campers will be charged \$50. Include money with livestock entry fee.
13. Livestock Supt. has the right to reject an animal(s) for any reason, for the good of the Fair.

Final placings will be determined by judging the top 5 places in those group classes against one another for final placing.

GUIDELINES FOR CARE OF ANIMALS

1. It is the responsibility of each exhibitor to care for animals in a manner that is responsible and ethical. Following are some guidelines for the treatment of animals exhibited at the show.

a. Restraining Animals

- i. Animals should be tied or penned in a manner that will not hurt the animal or restrict its breathing in any way.
- ii. Animals should be tied so that all four feet are firmly on the ground and they have enough room to stand comfortably and lie down.
- iii. Animals should be tied so that they are not able to injure animals tied near them.
- iv. Animals unaccustomed to each other should not be penned together.

- b. **Handling** – Any type of rough handling which could harm the animals is prohibited. The use of whips, canes, and show sticks should be restricted to showing only and

- then be used only to guide the animals, not punish them. Remember, animals will respond quicker and better to quiet, gentle handling than loud, rough handling.
- c. **Bedding** – All animals should have bedding that is dry and clean. Pens should be cleaned regularly to keep the animals clean and comfortable. If non-traditional bedding, such as carpeting, is used, it should be regularly cleaned (at least twice daily) to keep the pen free from manure.
 - d. **Feeding and water** – Animals should be well fed and have access to clean water regularly. Realizing that many market animals must have restricted amounts of feed to maintain proper weight, animals must be fed adequate amounts of feed to meet the animal’s basic requirements. Animals not allowed reasonable access to feed and water will be disqualified from the show.
 - e. **Transportation** – Animals should be transported in a way that is both safe and considerate of the animal’s well-being.
 - f. **Blanket/Sweat Collars** – Any type of material, such as blankets or sweat collars should be large enough to permit normal body functions such as breathing, eating, drinking, or lying down.
 - g. **Health** – It is the responsibility of the exhibitor to provide proper health care for their animals through routine inspection and consultation with health care professionals. The improper or illegal use of drugs or antibiotics is prohibited. If medication is indicated, be sure to follow the label directions and allow more than the stated withdrawal time.

MASTER EXHIBITOR

Standards for Judging Showmanship

Show animal to her best advantage at all times. Recognize the conformation faults of the animal and show her to overcome them as best you can. Present clean, well-groomed animal.

LEADING – 25 POINTS

1. Hold animal's head high enough for impressive style, attractive carriage, and a graceful walk.
2. Enter show ring leading your animal at a normal walk. Lead around the ring in a clockwise direction. Keep animal under control at all times.
3. Lead from the left side of the animal, opposite her head or slightly in front of her head.
4. Hold lead strap close to the halter. Excess lead strap should be held neatly, but naturally, in one or both hands. Halter should be correct type, adjusted to fit properly, and correctly placed on the animal. Leather halter with leather strap is preferred.
5. As the judge studies your animal, hold lead strap close to the halter in your left hand and walk backward slowly. This allows you to watch the judge and your animal at the same time. At other times, you can hold the strap close to the halter in your right hand and walk facing forward.
6. Animal should lead readily and respond quickly to showman's desires.

7. Don't crowd other animals or impair the judge's vision of other animals. Keep the ring large enough so the judge can see all animals well.
8. Avoid turning animal too short when pulling into line. Have animal moving straight ahead.

POSING – 20 POINTS

1. When posing, stay on the animal's left side and stand facing her at an angle, in a position that allows you to view the placement of her feet, as well as her topline.
2. Pose animal with her feet squarely under her. For heifers, the hind leg away from the judge should be slightly ahead of her near hind leg. For cows, the hind leg nearest the judge should be slightly ahead of the far hind leg.
3. Face animal up-grade, if possible.
4. Neither crowd the exhibitors next to you, nor leave enough space for another animal, when you are in a side-by-side position.
5. Animal may be backed out of line when the judge requests her placing be changed. Many prefer to lead the animal forward and around the end of the line, or back through the line. Do not lead animal between the judge and an animal he is observing.
6. Do most of the showing with the halter lead strap and avoid stepping on animal's feet to move them. Step animal ahead with a slight pull on the lead strap. Move animal back by exerting pressure on the shoulder point with the right hand, while pushing back with the halter.
7. When the judge is observing your animal, let her stand as soon as posed reasonably well. When the judge is observing the left side, step slightly to the front to offer a better view.

SHOWMAN'S ALERTNESS, ATTITUDE AND KNOWLEDGE – 15 POINTS

1. Quickly recognize the conformation faults of the animal you are leading and show her to overcome them.
2. Keep an eye on your animal and be aware of the position of the judge at all times. Do not be distracted by persons and things outside the show ring.
3. Be natural. Show the animal, not yourself. Overshowing, undue fussing, and excess maneuvering are objectionable.
4. Respond promptly to requests from the judge and officials.
5. Know the animal's birth date and freshening date.
6. Keep showing until class has been placed and judge has given reasons.
7. Be courteous and sportsmanlike at all times.

ANIMAL CLEANLINESS AND FITTING– 30 POINTS (Cleaness-10; Grooming-10; Condition-5; Clipping-5)

1. Animal shows normal growth and thriftiness.
2. Animal exhibits proper body condition, being neither too heavy nor too thin.
3. Hair coat properly groomed, with no loose hair, dandruff, or dirt. Hide should be soft and pliable. Hairdressing should not be used in excess.
4. Knees, thighs, hocks, pasterns, and switch clean and free from stains. Hooves clean.
5. Ears thoroughly cleaned. Animal's eyes and nose should be wiped cleaned.
6. Animal should be properly clipped. Blend smoothly to show minimal clipper marks. Overfitting and excessive hair manipulation are objectionable.
7. Hooves trimmed and shaped to enable animal to stand and walk correctly and naturally.

SHOWMAN – 10 POINTS

1. Clothes and person should be neat. A white uniform is required. Absolutely no blue jeans or shorts will be accepted. Hard top shoes are required. Sneakers are not acceptable.
2. The show harness or hat displaying your entry number is considered part of the uniform and must be worn while in the show ring.
